City League [Sean O'Brien, Steve Silveira/Brad Michaels]

- Steve will not be at June meeting but submitted the following U10 report:
 - Spring 2009:
 - All games played. Zero games had to be rescheduled due to weather and only two games overall because of school vacation week - a modern day record.
 - Two tickets to NE Revolution games were distributed to 5 of 6 coaches (one coach couldn't make either game).
- Sean would like training on the new system. Can we have Shawn Harty come back and give us a tutorial on putting teams together?

Travel League [Heather McSween, Carlos Charry]

- We need to come up with a standard policy for board members to discuss and vote on re: what we will do for any teams that become Divisional Champs and/or go to the MTOC and /or win the Cup at the MTOC. Background (from Beth):
 - *The GU14-1 won the GU14 Division 1 Middlesex wild card spot in the MTOC tournament to be played in Lancaster June 26-28. In the past the board has approved the purchase of jackets for winner of the Commissioners Cup and/or MTOC. Although the girls came in second at the Commissioners Cup, I thought in anticipation of their playing in MTOC it might be nice if all the girls had the same sweatshirt showing up for the games. (Kind of a uniform).*
 - Heather spoke to Bill and agrees that souvenir t-shirts are a good idea. We are all very happy for and proud of the players on the GU14-1 team; a memento from the tournament would be nice.
- Heather would like to have a board vote to determine if we can deviate from our refund policy for the Samantha Parker family (GU14). Normally we give back 50%. Our current policy states that you will get a 50% refund in accordance with our policy listed on the website.

- No updates

General

- Summer soccer clinics – status by John Flynn (as of 6/3):
 - I have updated the doc to reflect player eligibility based on Fall 08/Spring 09 registration and the issue with insurance.
 - The email went out to the coaches last night and I have already received a bunch of volunteers and positive feedback.
 - Carlos emailed me that Women's soccer is played at Franklin on Wednesday evenings so I suggest we change the night to Tuesday to avoid any conflicts (updated in doc). Carlos, please confirm that's ok!
 - Will draft an email announcing this program and get it to Carlos/Heather today (and Steve made a good point that given the restrictions on eligibility we should not advertise this via MFP and/or Schools as many kids would not be eligible.)
 - Once I get confirmation from Carlos on the day, I will make a flyer and email it to each U10/U12 head coach so they can print and give directly to their players. If anyone cannot print copies I will provide them and deliver to the coach.
 - We have Franklin from July 7th to August 11th. Bill is running a clinic Aug. 3-7; John will work with Bill for conflict on Aug. 4th.
