Munchkins

- Munchkins: All set – 129 kids – a new record! We've moved up to three sessions: 1pm, 2:30 pm and 4pm to accommodate Mass. Youth's suggestion about smaller team sizes and bigger fields. Attached with agenda are the new dimensions that should be spray painted onto the Zoo field space. Please make sure that the boys who paint up the fields use the new instructions! They muffed last season's and used the old grids.

 - **Licensure:**
 - G Course (4 hour introductory course) - 8/30 10am-2pm – This will be located at the Middle School Gym.
 - E Course - (16 hour course) 8/22 AND 8/29 - 9-5 pm. Cancelled due to lack of signups. I'll bring this up later & get your thoughts.

- **Patch Program:**

Sundays during season 2-4 pm

U8 2-3 pm

U10 3-4 pm

I need a time slot for this where I won't be interfering with Sean's schedule. Please let me know ASAP when & where this might be. Also, without coach support from us, one MAYS coach will work with 16 kids, maximum. With coach support, we can up that to 25-30 kids. I've got one coach from U10 who's volunteered to help out so far. One issue: MAYS does not make those neat patches that they advertise on their website anymore (or used to – they're taking that page down since I mentioned it to them). Does anyone have any thoughts about what skills patches should look like for our players? I can work with Bill to put something together, I'm sure.
